Art Unit: 3723

Examiner's Statement of Reasons for Allowance

Page 2

1. The following is an examiner's statement of reasons for allowance: The art of record considered as a whole alone or in combination neither anticipates nor renders obvious, an apparatus for recycling slurry used with an edge-notch polishing apparatus comprising; a dirty slurry return conduit; a first screen filter in fluid communication with the dirty slurry return conduit, for removing particulates larger than a first predetermined size from the slurry; a dirty slurry storage tank downstream of the screen filter; a second filter located downstream of the dirty slurry storage tank for recovering particulates larger than a second predetermined size from the slurry, wherein the second predetermined size is smaller than the first predetermined size such that the second filter removes smaller particulates than the first filter; a clean slurry storage tank located downstream of the second filter; an overflow relief conduit which directs overflow from the clean slurry storage tank into the dirty slurry storage tank; and a clean slurry supply conduit leading from the clean slurry supply tank, together in combination with the rest of the limitations set forth in the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alvin J Grant whose telephone number is (571) 272-4484. The examiner can normally be reached on Mon-Fri 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Joseph J Hail can be reached on (571) 272-4485. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
